

# **Urgent message from the I.A.M. committee in N.Y.C.**

Members:

It is Friday morning at the CBC negotiations in New York, and as of this writing, there has been very little movement towards something that we can live with.

For the first time in a long time all the unions associated with the CBC are as united as I have ever seen or heard of. They are sticking together as one as these attacks are being made upon us.

I would like to request that the stewards please check the web site frequently as the picket rosters may be coming out soon.

Please make sure that this message is distributed throughout the membership as we continue to work through the weekend towards an agreement that we can live with.

Fraternally Yours,

Matt Louiso
